

PASMA Towers on Stairs

Course Introduction

The Towers on stairs course is for those who have successfully completed the 'PASMA Towers for Users' course. This aims to cover the steps necessary to build towers on stairs. The course covers legislation, regulations, and guidance for tower scaffolds on stairs. The PASMA for Stairs can take up to a maximum of 8 delegates.

A PASMA PhotoCard will be issued to successful delegates who complete the Theory and Assessment sessions at the level they attend the course which has a five year validity period.

Course Pre-Requisites

You must hold a current "Towers for Users" PhotoCard and have a good working knowledge of working at height.

Course Topics

- Current Legislation
- Regulations and Guidance affecting working at height with access towers
