

HABC Level 2 Award in the Principles of Fire Safety (RQF)

Course Introduction

All workplaces have a legal obligation to ensure their working environment is safe from the risk of fire. The Highfield level 2 award in the principles of fire safety is aimed at anyone engaged in the management of fire safety.

Learners who attend this course will gain knowledge in the causes of fire, common hazards and supporting risk assessments. This in turn can support your teams and workplace from the possible risk of fire and further aid your workplace safety culture and critical processes.

Course Topics

- The Role of the Fire Warden/Marshal
- Hazards and risks associated with fire in the workplace
- Causes of fire
- Products of combustion
- Fire risk assessments & control measures
- Types of fire-fighting equipment and routine maintenance checks (incl. Fire extinguishers)

Course Benefits

This is the ideal course for training Fire Marshals/Fire Wardens within your organisation to meet legal obligations.

The awarding body Highfield issue all certificates via PDF format. This will be emailed to the course booking contact on successful completion of the course, once received from Highfield.

Assessment Method

30 Multiple Choice Questions

Qualification Expiry

3 Years
